

CALICO HOUSE RESPITE SERVICE

www.calicohouse.co.uk

A Warm Welcome to Calico House

Calico House is nestled at the foot of the Campsie Hills and it's location is within easy access of all local amenities in and around the village of Lennoxton.

In 2023 Calico House was modernised with a full internal refurbishment with features such as passenger lift, and the service has been appointed to the highest specifications to provide a space and welcoming environment for our guests.

Calico House combines all the modern facilities required for outstanding respite care within a delightful and tranquil setting.

There is also a dining kitchen, conservatory and a bright spacious lounge - the social hub of Calico House.

Safety lighting, handrails, nurse call system, secure door entry system, and a host of other features have been seamlessly woven into the fabric of the building.

We provide nursing care for those who are living with long term conditions and disabilities where more complex medical support is required. Our dedicated nursing team provide a person focused approach, ensuring all medical needs are met and that conditions can be managed professionally.

Calico House prides itself in its warm and friendly atmosphere.

Respite, short stay breaks, and intermediate care are available to adults aged 18 years and over, with learning/physical disabilities, including those with complex health needs.

Our team of professional and experienced staff are committed to providing a high quality, person focused service for guests and their families, to enjoy a positive and meaningful short break.

About Us

Calico House is a 5 bedroom luxury respite care service for adults aged 18+ with learning disabilities, physical disabilities and complex care needs.

The goal of short stay respite care is not only a rest for the individual and their carers, but also a renewal and refocusing of purpose. Respite care can provide a much needed reinvigoration of their independence.

Our guests are welcomed into Calico House and encouraged to participate in our daily program of activities and community, building their confidence and empowering their sense of self.

A respite stay at Calico House is more than just time out for the individual and their carers. It's a short break in our luxurious care service with beautifully appointed bedrooms, en-suite bathrooms and mature gardens.

Our highly trained and experienced staff combine professionalism with genuine empathy, kindness and patience. The individuality, privacy and dignity of our guests is of paramount importance to the entire team. We believe that all guests should receive the highest standards of care and comfort.

Guided by an individualised care plan, which is established in conjunction with the client and family upon admission, our highly trained and experienced team will ensure that tailored, person focused nursing and respite care is sensitively delivered at all times.

Our Commitment

Calico House is committed to providing a quality standard of nursing care delivered by a team of skilled staff. The philosophy of health care is based on the fundamental principle that each client has rights and is entitled to:

- Be cared for with dignity and respect
- Be assured of the right to privacy and confidentiality by all trusted with the delivery of care.
- Be empowered to make an informal choice pertaining to personal care.
- Be afforded a safe environment essential for the delivery of a quality level of care.
- be valued as an individual with a unique set of ethical, cultural and religious beliefs.

OUR MISSION STATEMENT

Extended Personal Care is committed to providing a comprehensive range of high quality, person focused care services delivered by a team of skilled health and social care professionals.

OUR VISION

To be your first choice of care provider in Scotland.

- ✓ Complimentary tea/coffee, juice and filtered water.

What is Respite Care?

The dictionary definition of respite is 'an interval of relief' - it is a period where a carer can take a break from caring, safe in the knowledge that the loved one they care for is in the best possible hands. Respite care can provide demonstrable benefits to both the carer and the guest. Respite at Calico House is tailored to your care needs, whether it's just a few days rest, or a longer term stay, our specialist team will prepare a respite care plan that works for you and your family.

A Break For Carers

At Calico House it is our mission to ensure that guests enjoy an exhilarating and relaxing stay, while also providing a much needed rest for their loved ones and carers.

For families looking after a loved one in their own home, whilst it's a commitment that is gladly and unconditionally accepted, it can also at times be mentally, emotionally and physically draining. Respite care offers a valuable opportunity for carers to recharge their batteries.

It also provides the chance for the individual to be looked after and assessed for a period of time by highly qualified nursing staff. Professional respite care often brings to light developing conditions and issues that home carers may have missed, enabling remedial intervention from our highly skilled nursing team.

Respite care can also provide a valuable opportunity for an individual to enjoy a change of scene, meet new friends and participate in activities on offer at Calico House.

A Home From Home at Calico House

Our accommodation consists of five generously sized luxury suites, complete with en-suite wet room and a wireless nurse call system that allows our guests to call a member of staff at any time of day or night when additional assistance is required.

Each suite is well equipped with high quality furnishings and includes adjustable profiling bed, Wi-Fi, smart TV and smart technology.

There is a large comfortable lounge/sitting room, separate dining kitchen and ambient conservatory, all with tranquil views to the Campsies and surrounding gardens.

Catering & Hospitality

At Calico House, we understand the importance of a nutritious and well-balanced diet. We take pride in our dining service and only use the finest seasonal produce available to make every meal the best it can be. Our menus are crafted with care and attention, tailored to our guests preferences and cultural or dietary requirements. A wide range of snacks and refreshments are available on request 24 hours a day.

Our nursing staff are also fully competent at PEG/PEJ feeding regimes, and dysphagia dietary requirements.

Activities, Outings and Entertainment

Enhanced Wellbeing through active living

The maintenance of mental and physical activity is a cornerstone of Calico House's ethos.

Our care team ensures that each guest is provided with an appropriate activity routine, augmented by regular excursions in our wheelchair adapted vehicle. Shopping trips to local towns, sight seeing in the Campsie hills and landscapes that surround Calico House.

We are truly blessed with what's right on our doorstep. There's plenty to entertain and occupy, even our most active guests. Additional services also help promote social and mental activity for physical well-being.

We can arrange regular visiting hairdressing, physiotherapy, podiatry, dental and optical services.
